

Funding Abortion Through Jewish Values

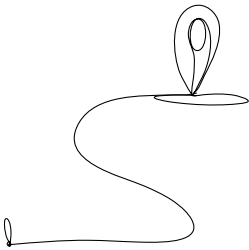

Red Tent Fund is a national nonprofit abortion fund, rooted in the Jewish values and teachings that affirm the right to abortion for all, whose mission is to fund lawful abortions across the United States.

American Jews have a long history of supporting abortion access. After the tragic events of October 7th, many abortion funds failed to acknowledge the atrocities and sexual violence against Jews, making Jewish supporters feel they had to choose between their identity and support for abortion. This led to the creation of the Red Tent Fund, supporting abortion access while upholding Jewish identity and values.

Who We Serve:

Red Tent Fund provides funding to abortion seekers regardless of religion, income, or gestational age. You don't need to be Jewish to receive support.

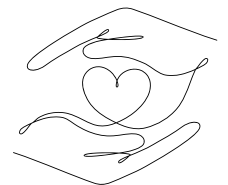

Where We Serve:

Red Tent Fund is a national abortion fund. We currently fund abortions at a dozen partner indie clinics across the country, including in states that are hubs for abortion care like IL, MD, VA, NY, CO and KS, and will be expanding to more clinics as we grow. We are committed to funding over \$500,000 in procedures in 2025.

How Red Tent Fund Works:

Each month, we send grant funds to partner clinics. When clients make appointments or come in for abortion care and can't pay some or all of the cost of that care, the clinics use Red Tent Fund grant money to pay the difference.

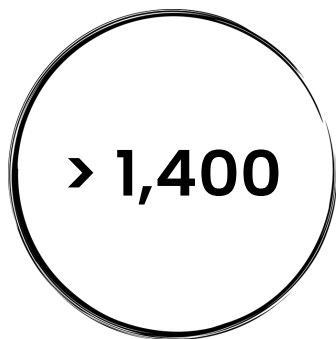

Our Impact

1 in 4 women in the United States will need abortion care in their lifetime. Since the Supreme Court overturned Roe V. Wade, the demand for abortion funding has grown by nearly 40%.

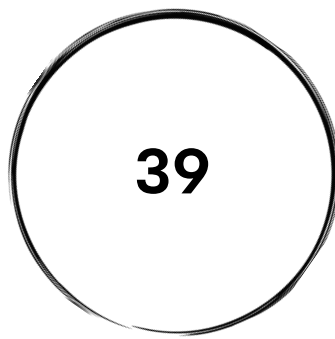

Without abortion funding, more than 100,000 women per year would be unable to access essential healthcare that would allow them to maintain autonomy over their lives, bodies, and futures.

At Red Tent Fund, we envision a world where every person can pay for the abortion care they want or need.

Since Red Tent Fund began funding procedures in September 2024:

Number of abortion procedures funded by Red Tent Fund since our launch

Number of states where our funded abortion-seekers live

Average amount of funding provided to each abortion seeker by Red Tent Fund

Our Future

The Red Tent Fund funded more than \$500,000 in abortion procedures in 2025, serving more than 1,400 abortion seekers, and we anticipate increasing those amounts in the coming years.

We are adding additional clinic partners as we grow, strategically chosen for the abortion seekers they serve, geographic diversity, and financial need.
